8. Municipality certifies and warrants that the Area Manager has the authority to enter into a reimbursable work order and to bind the Municipality thereby.

9. Municipality hereby confers on the County the authority to perform the categories of work listed in paragraph one within the Municipality's jurisdictional limits for the purposes of carrying out this Agreement. Further, Municipality agrees that when the County provides engineering and administrative services for the Municipality, the County Engineer may exercise all the powers and perform all the duties vested by law or by resolution in the City Engineer or other officer or department charged with road maintenance administration.

10. The County is a contractor of services only and does not purport to represent the Municipality professionally other than in providing the services requested by the Municipality. As an independent contractor, the county shall control personnel standards of performance, discipline and all other aspects of performance, including that of the dedicated on-site staff. In the event the county uses contract services to perform services for the Municipality, the county shall perform the appropriate supervision and inspection of the contractor's work.
